DETAILED ACTION

The amendment filed 03/18/2004 is acknowledged.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Hunt on 04/09/2004.

The application has been amended as follows:

Claims 58-97 are cancelled.

Allowable Subject Matter

Claims 1-57 and 98-134 are allowed.

The following is an examiner's statement of reasons for allowance: The record as a whole clearly sets forth the reasons for allowance. The Examiner has indicated in the previous office action dated, 12/16/2003, that the following combination of limitations, contribute to the allowability of claims 22-37 of the amendment filed 9/17/2003:

The primary reason for allowance is the applicant's amendment to claim 22, reciting a baseplate including a floor for mounting to a snowboard, a medial sidewall, a

lateral sidewall, and a heel hoop for surrounding at least a portion of a rider's leg and which extends rearwardly and upwardly from , the baseplate floor, wherein an opening extends between the heel hoop and a rearward edge of the floor that is adapted to receive at least a portion of a heel end of a snowboard boot, inserted into the binding; and a snow gasket "mounted to the baseplate", positioned at least partially in the opening, the snow gasket being separate from the snowboard boot and having a floor with a bottom surface located above a bottom surface of the rearward edge of the baseplate floor. The prior art does not disclose the snow gasket directly mountable to the snowboard binding. A combination of these and other limitations have not been reasonable found within the prior art.

The applicant's amendment filed 03/18/2004, to claims 1,16-19,32-35,52-55,58,72-75,78,92-95,98,114-117,120 and 130-133, incorporates the allowable subject matter indicated in the previous office action as discussed above and places the application in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
